REASON FOR ALLOWANCE

1) The following is an examiner's statement of reasons for allowance:

Regarding claims 19-21, the prior art teaches engaging a zoom function, ...determining a maximum search window based on a value of the zoom level. The prior art fails to teach the limitations dealing with random window flag setting, determining whether the offset value is greater than the ... skip value and index flag settings. These limitations are not taught, suggested or rendered obvious.

Regarding claims 25, the prior art teaches computer readable program ... base index being a focal point of the maximum search window. The prior art fails to teach the limitations dealing with first word at the base index being an indexable word and displaying indexable words in accordance with the zoom level. These limitations are not taught, suggested or rendered obvious.

Regarding claims 26, 27, the prior art teaches ... engaging a zoom function ... maximum search window. The prior art fails to teach the limitations dealing with skip value based on zoom level, index flag being set, obtaining offset value, random window flags, random number with maximum search window having a value greater than negative value These limitations are not taught, suggested or rendered obvious.

2) Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because drawings are illegible. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
